Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant and examiner discussed the two method claims, 18 and 20, and the 112, 1st paragraph issues that surrounded them. It was suggested that these claims be amended to delete the "delaying the onset of AIDS" aspect due to the multiple ways it may be interpreted. Applicant and examiner reached an agreement to do so and have put the application in a better condition for allowance.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
